HPC expanding in German Ruhr Area

HPC expanding in German Ruhr Area

With effect of October 1, 2009, HPC has acquired the business operations of Infra Consult GmbH of Recklinghausen with a total staff of 8. The engineering firm which has been actively operating on the market for more than 25 years deals mainly with infrastructure planning and planning projects in the field of alternative energies (use of mine gas, geothermal energy). The firm which will in future operate under the name of HPC in Recklinghausen will be assigned to our Duisburg office and be managed by Mr. Frank Lübbers.
